# SAYS SOCIALIST TALKED REVOLT

Suspended New York Assemblyman Predicted It.

Voiced His Contempt of the American Legion.

Witness Relates Incident of Spitting on Flag.

(BY A. P. NIGHT WIRE)

ALBANY (N. Y.) Feb. 4.—Testimony that Charles Solomon, one of five suspended Socialist Assemblymen being tried by the Assembly Judiciary Committee on charges of disloyalty, had predicted that the 4,000,000 ex-service men in the United States would be unable to check the "Socialist revolution," was given today by William E. Hart, a Brooklyn attorney, who was defeated for the Assembly by Solomon last fall.

Hart declared Solomon had made his prediction after he himself had stated, if the Socialists were ready to start their revolution, "let them go ahead," that he belonged to the American Legion which "soon will have 4,000,000 in its membership, and that nothing would please us more than to spit on the neck of a machine gun and give them a reception."

In reply, Hart testified, Solomon said: "Mr. Hart doesn't seem to realize the enormous opposition there is to the Socialists. There will be nothing which will be able to hold the wrath of the working class in check. They will be able to sweep aside like chaff in the wind what right have 4,000,000 men to hold in check the destiny of 100,000,000 people in this country?"

A sensation occurred today at the trial of the five suspended Socialist Assemblymen, when, just before the luncheon recess, Assemblyman Maurice Bloch, a member of the Assembly Judiciary Committee, sitting as a tribunal, moved there struck from the record as "obviously impossible" the testimony yesterday of Miss Ellen E. Chivers, 18-year-old stenographer, that she had seen Assemblyman Charles Solomon, a defendant, spit on the American flag in the presence of a crowd. The motion was denied by Louis M. Marin, committee chairman.

After the luncheon recess the Judiciary Committee, by a vote of 12 to 1, expunged from the record the motion made by Assembly Bloch bearing on the testimony of Miss Chivers.

Counsel for the Assembly Judiciary Committee, which is trying the five suspended Socialist Assemblymen on charges of disloyalty, announced at the opening of today's hearing that they would seek to prove Assemblyman Louis Waldman, a defendant, had made the following statement on the floor of the Socialist convention in Chicago, 1919:

"If I knew we could sway the boys as they get drunk to use them against the capitalist class, I would vote in favor of universal military training."

**EVANGELICAL CHURCH UNION PLAN ADOPTED.**

(BY A. P. NIGHT WIRE)

PHILADELPHIA, Feb. 4.—The plan of union of all the Evangelical churches in the United States as proposed by the ad interim committee was adopted tentatively today by the Interchurch Council on Organic Union. Certain portions of the plan and several amendments were referred to the committee on plan which is to report to the council tomorrow, when final action is expected to be taken.

Leaders in the movement expressed satisfaction with the progress made today and declared less opposition to the proposed union has been expressed than was anticipated.

**BOLSHEVIKI ARE PUT TO FLIGHT.**

(Continued from First Page.)

WASHINGTON, Feb. 4.—Complaints made by M. Litvinoff, representative of the Russian soviet government, that he was under semi-arrest there, were declared at the Danish legation today to be entirely unfounded.

**ESTHONIA GETS PROPERTIES.**

(BY A. P. NIGHT WIRE)

WASHINGTON, Feb. 4.—Salient features of the treaty signed today between Esthonia and soviet Russia were outlined in an official dispatch received today by the State Department. The treaty provides for recognition of the independence of Esthonia, the return of all military and civil prisoners, adjustment of boundary matters, Esthonia's retention without compensation of all Russian public property in Esthonia, and return to Esthonia as far as possible of all property taken from Esthonia by Russia. An agreement will be made later to determine the resumption of relations between Esthonia and the soviet, including diplomatic and consular relations.

The treaty also provides for the concession to Russia of free harbor space in Reval and free electric power from Narva Falls.

Half of the 8000 American soldiers in Siberia have been withdrawn. The War Department announced today that on January 27 there remained 271 officers, 4910 enlisted men, and 500 civilian warfare workers.

**REVAL, Tuesday, Feb. 4.**—Esthonia and the soviet government of Russia have agreed in the peace treaty signed by their respective delegates to respect the principles laid down by the powers in regard to the Gulf of Finland. Only troops of Esthonia and the soviet government, or their allies, will be permitted on the territory of either country.

# PLEBISCITE IN FULL SWING; DANES AND GERMANS BATTLE FOR VICTORY IN SCHLESWIG.

(BY CABLE AND ASSOCIATED PRESS.)

PLENSBURG (Schleswig) Tuesday, Feb. 3.—The plebiscite now in full swing recalls an old-fashioned American election campaign. Both sides are waging a vigorous contest, making charges and counter-charges and using every political trick to gain the desired end.

Feeling runs high, but the provocative flag-waving and proclamation-posting which accompanied the advent of the international commission in Plensburg virtually have ceased.

In the country districts the rival factions regularly attempt to capture each others meetings, resulting occasionally in broken heads. But nobody expects serious trouble. The commission, to prevent the influx of professional agitators from Germany and Denmark, has forbidden nonresidents to participate in electioneering, on pain of deportation. At the same time, it is centering in the northern zone, where the first ballots will be cast.

The Danish district by majority of from 60 to 70 per cent. The Germans concede they have no chance for victory there, but their newspapers urge the largest possible minority vote in the first zone is needed to save Plensburg for Germany.

**DANES WELL REPRESENTED.**  
The main struggle centers in Plensburg and newcomer gets the notion that Plensburg is thoroughly German, but investigation indicates this is more apparent than real. One rarely hears Danish spoken; even the Danish campaign dodgers are printed in German. Nevertheless, Danish sentiment exists among a considerable element of the population.

The Danes explain this phenomenon as the result of fifty-five years of Prussian rule, with its inhibiting effect on the Danish utterance. Adolf Koester, special representative of the German government, said today: "I am convinced that it is impossible to obtain a decision along nationalistic lines; the economic question will decide. A barber told me that he would vote Danish because a pound of margarine costs 15 marks, whereas, if Plensburg were Danish he would have to pay only two kroner."

**BLOC VOTING UNFAIR.**  
Herr Koester declared the bloc voting in the first zone was unfair, because the district contained several communities where German sentiment predominated.

E. Christensen, editor of the Danish newspaper Aviz, said to the correspondent of the Associated Press today: "The people in the few weeks of freedom of speech will not be able to throw off their habit of caution, taught by experience of a life time. Besides, the Danes, while hopeful, are very uncertain as to the fate of Plensburg and the few who are expecting to remain here will not dare risk the consequences of outspoken Danish sentiments in view of the possibility of continued German rule."

The Germans generally express confidence of a big German majority in Plensburg, asserting they will be aided by 3000 voters from Germany, while the Danes will be able to bring in only 2000 voters from Denmark. Several of the more prominent Germans, however, refuse to take such a sanguine view of the situation.

**WASHINGTON, Feb. 4.**—While expressing confidence that the plebiscite in the first zone of Schleswig February 10 will "go overwhelmingly for Denmark," a cablegram from Copenhagen to the Danish legation here today said results in the second zone, including the city of Plensburg, would be taken into consideration because of the German emigration to Central Schleswig after 1914. The vote in the second zone will be taken March 7, the message said.

**PROHIBITION CONTEST IN SCHOOLS BARRED.**

**BOARD DECLINES TO PERMIT USE OF PUPILS TO GET CROWD FOR LECTURE.**

Plans of prohibition party leaders in this city to induce school children to aid in getting together a crowd for a lecture came to naught yesterday, when the Law and Rules Committee of the Board of Education rejected the prohibitionists' proposal for "popularity" contest.

This matter was brought to the attention of the committee at a recent meeting through a letter in which the prohibitionists proposed that the school children should contest for a national flag contest. It was stated that the prohibitionists had twenty-five silk flags which they would award to the school children on a competitive basis.

The plan was as follows: On a voting card each pupil was to write the name of his or her favorite teacher. Each slip was then to be given to a parent. The parent was to attend at a local church, a lecture by Mrs. Landis, candidate for vice-president on the prohibition ticket at the last general election. At the lecture the parents were to cast the ballots previously prepared by the children. Each of the twenty-five teachers receiving the largest number of votes was to receive one of the American flags, which could be used to adorn classrooms.

All the members of the Board of Education committee, and Superintendent Dorney, who met with them, stated yesterday that, while they favor prohibition, they do not approve of the method proposed to get a crowd to attend the lecture. Mrs. Dorsey and Miss Stoddard declared that if the school board should permit the prohibitionists to use this method, the same privilege could not justly be refused to any other organization.

Several members of the board later declared they would have voted against the plan had the committee approved of it.

**JURY TO TRY WOMAN OF DIVINE WAY CULT.**

**ACCUSED OF CONTRIBUTING TO THE DELINQUENCY OF MINOR CHILD.**

Miss Isador Riker, who is in the County Jail in default of \$1000 bonds, jointly charged with Dr. Robert J. Pace with contributing to the delinquency of the latter's minor son, Ralph Pace, pleaded not guilty and demanded a jury trial when she appeared before Judge Reeve in Juvenile Court yesterday. Her demand was granted. Dr. Pace asked time to plead and the court fixed next Wednesday.

Miss Riker is a member of the Perfect Christian Divine Way cult, and it is said that meetings of the cult were held at Dr. Pace's home with Dr. Pace present. He is said to be a member of the Mormon church.

It is charged that the alleged acts of the couple were committed in the presence of the boy. Among other allegations is one that Dr. Pace and Miss Riker used to bathe together in the bathroom.

MANY CASES OF  
RHEUMATISM NOWSays We Must Keep Feet Dry,  
Avoid Exposure and Eat  
Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisons from the blood, which are absorbed into the blood and then travel to the joints and muscles. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, pain and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

ANARCHY COWED,  
CLAIMS PALMER.Federal Action has Stopped  
Many Disturbances.

Says Reds Cannot be Handled  
by Adding Laws.

Firm Hand and Deportations  
Bring Best Results.

(BY A. P. DAY WIRE.)

WASHINGTON, Feb. 4.—Deportation of radicals, country-wide arrests of others and the vigorous enforcement of existing laws have given notice that the United States intends to keep order, and have helped improve conditions," Attorney General Palmer told the House Judiciary Committee.

The positive intention of the government to punish crimes of Reds and Communists has created a state of order, which would have been impossible without arrests and deportations, he added.

Some misunderstanding exists in regard to any attitude towards this legislation," he said. "Some said I had a plain case of cold feet; others that I had 'turned tail.' That, of course, is not correct. I did not attend because I could not give support to the pending rule for the Sterling-Graham bill.

More harm than good would come from any further legislation, Mr. Palmer said, adding that pending measures were so far-reaching that they would overreach the purpose for which they were intended.

Mr. Palmer said he disagreed with those who claimed revolutionary utterances should be met by arguments instead of statutory laws.

Declaring that because of apparent dilatoriness in stopping Red activities last summer, every newspaper in the country had "shouted" at him, Mr. Palmer said the department by giving advance notice of intended widespread violence against the government had blocked many great disturbances.

ORDER CAN ONLY BE MAINTAINED

through firm enforcement of laws," he added. "Justice cannot come to any part of the population without absolute observance of law and order.

There are 50,000 members of the Communist party in this country and the Communist Labor party is even larger.

Mr. Palmer read a number of excerpts from an anarchist literature revolutionary in character and said no existing statute made the printing and circulating of such documents unlawful.

WOMAN DRINKS POISON.

Takes Laudanum and Iodine After  
Argument with Husband.

Following an argument with her husband, Mrs. Tillie Paine, 24 years old, and the mother of four children, drank iodine and laudanum in her home at 2724 East Fifth street last night, according to a police report.

The woman was taken to the Receiving Hospital where emergency treatment was administered by Police Surgeon Goodrich and she recovered. According to the neighbors, Mr. and Mrs. Paine have had several arguments over domestic matters recently.

FRED CANNON CAPTAIN

OF MOTORCYCLE SQUAD.

New after badges and instructions to arrest all motorists violating the law were given members of the motorcycle squad who reported for duty yesterday to the County Supervisor, after Sheriff Cline had yielded jurisdiction to the Board.

Fred Cannon, who was removed by Sheriff Cline, was reappointed captain by the Supervisors. G. L. Ledbetter, who had been made captain by the Sheriff upon the removal of the Sheriff, also was reappointed.

The motorcycle squad will be placed in the department of Supervisor Cannon.

Chairman Dodge addressed the men, announcing that they are now under the jurisdiction of the board and directing them to co-operate with the Sheriff's office, county constables and other peace officers. Six hundred nickel badges are on hand for distribution to special deputies when the Sheriff appoints them.

PACIFIC FLIGHT COIN

SOUGHT BY SOLDIER.

Whitney Warren, soldier of fortune and globe trotter, is here to meet Thomas Ince and William Fox to arrange for a trans-Pacific aerial flight. Mr. Warren and Jack Mow plan to make a flight from Los Angeles to Sydney, Australia, as soon as the details of the trip can be agreed on.

Mr. Warren recently arrived from Poland, where he fought in the Polish army against the Bolsheviks. During the world's war he was with the Lafayette Escadrille. At the close of hostilities he went to France and until last September was with D'Annunzio.

TO GUARD DRY DOCK.

City Would Lay a Water Main for  
Use in Case of Fire.

The Finance Committee of the City Council decided yesterday to recommend a loan to the Harbor Commission of \$125,000 for the purpose of providing for an extension of the six-inch water main to the dry dock of the Los Angeles Shipbuilding and Dry Dock Company. The Harbor Commission is to provide the material and the main will be laid at the cost of the company.

Work at the dry dock has progressed to such a point that it is considered imperative to provide more adequate fire protection. The money loaned to the Harbor Commission is to be repaid out of money received from the Harbor Improvement bond fund or from harbor revenues.

# The People and Their Troubles

## WHY WOMEN WORK.

BY JANE DIXON.

### On the Stage.

"I'm going on the stage."

How many times such an announcement, made within the safe and sane boundaries of the home circle, has brought about parental warning and gnashing of teeth!

The stage, because of its unconventionalism, the necessity for elasticity of mind and a broad philosophy on the part of those who come to it, has come to be the parish of professions against which parents desire to protect their young.

In the Mid-West town from which I migrated, for example, the girl who chose to embark upon a stage career was, from the moment of her spoken choice, a moral and social outcast. Yet it is typical of the inconsistencies of the small-minded that the condemnatory sinners, hypocritical souls that they are, vote to the theaters in hired cars and watched the men and women on the other side of the proscenium with considerable envy mixed with the admiration in their greedy eyes.

There is a very good and sufficient reason why the stage has come to be looked upon with eyes askance, as indeed there is for most of the untoward happenings of life.

Too many girls and women, having failed elsewhere, bring their ineffectual reason why the stage has come to be looked upon with eyes askance, as indeed there is for most of the untoward happenings of life.

Not long ago I had the good fortune to chat with that generalissimo of modern stagecraft, David Belasco, on this very subject of the stage as a career for women. Mr. Belasco stands unchallenged in the public mind as the leading manager-producer and dramatist of today's America. Here is a commander who combines the romantic heart of a youth with the stern dictum of a man, so that those who come knocking at the door of a Belasco stage for a hearing are certain of receiving a sympathetic, but a just judgment. Fortunately, indeed, are they to obtain the master's "Yes" should their portion be an unequalled "No" they may as well drop out of the picture and go about some other business of life. The theater for them must and does spell failure.

"We are desperately in need of young men and women who can serve out for themselves a career of brilliancy on the stage," says Mr. Belasco. "Every day I deplore the lack of material for the making of really great artists. The young women of today who can prove her metal, who can show any marked ability at portraying the great tragedies or even the little comedies of life is deemed to be making a mistake to take her place among the stars."

"Do you mean there is a falling off in applicants for stage honors?" I asked, wondering if the lure of the spotlight had indeed lost its luster. "Mercy, no!" came the explosive response. "I have hundreds of them every day from every manner of home, every walk of the world. They

come to me with their great hungry eyes staring out as if life itself hung on my decision. A little chat, a short sounding of their depths, and instinctively I feel whether or not they are worth the time and effort that must be given to training.

### GASOLINE ALLEY—MUFFLE IT, AVERY.

O-HO! SNEEZING, EH? DO YOU KNOW WHAT YOU BETTER DO? GO IN AND GO TO BED! YOU CAN'T BE TOO CAREFUL! YOU DON'T WANT TO GET THE FLU!

One of a hundred, a thousand, is so qualified. And I always hesitate to turn an unknown away for fear she may be that one.

"Nevertheless, I am of the opinion if girls or young women realized the extent of the demands to be placed upon them, mentally, morally and physically, the number of stage recruits would be cut in half to a fourth part of its present total."

Do not understand from these paragraphs Belasco, the Boundless, is attempting to discourage claimants for stage honors. On the contrary, he is eager to find them, providing they have the right to such a claim. To find a prominent actress is to him like finding a rare uncut jewel to whose beauty he will add the polish of his genius.

Class distinction is checked at the stage door. Factory, shop, turbulent tenement have been a more fertile recruiting ground for the stage than the society drawing-room. The struggle, for the most part, is an early graduate from the rich school of experience, and experience is the mirror wherein we reflect the great truth of life.

Nowhere will you find compensation so abundant once you have proved yourself worthy of being compensated. The play of it, many times what they are in the less hectic professions. Stage wardrobes are expensive. Even in everyday life the player must keep a prosperous, well-dressed face to the world. Appearance is a heavy factor in the success equation. Managers have little taste for port-mortem.

Here again, earnings are entirely a

matter of capacity. I know women of the stage who have been "trouping" steadily for several years and who have never reached the hundred-a-week mark. As a matter of fact, they have been skimping along most of the time on half that amount. Others, to my certain knowledge, have doubled their earning capacity every year of second year, have purchased fine homes where they rest during the summer intermission, shimmer with the jewels like Tiffany's window in an August sunshine, and think nothing

### QUESTIONS ANSWERED

Q: In the shortage of school teachers in the United States very great?

A: The United States Bureau of Education says that because of the impossibility of living decently on the salaries paid, there is an acute shortage of school teachers in the country, and unless the wages of teachers are increased, this situation will become more serious next fall. The bureau estimates that about 25,000 schools, mostly rural, are now closed because of lack of teachers. There are also about 60,000 persons teaching schools in the United States who have not the minimum qualifications. They have to be used because they are the only teachers available.

Q: What has been the increase in the number of shipyards in the United States since before the war?

A: In April, 1917, there were in this country, only sixty-one shipyards, with 234 ways on which vessels of 3500 deadweight tons could be constructed. In November, 1919, there were 223 yards, with 1099 ways, or about four times as many as there were two years before.

Q: Which is heavier, a quart of milk or a quart of cream?

A: The Department of Agriculture says that a quart of milk is the heavier. This is explained by the fact that there is more fat in cream than in milk, and that fat is lighter than liquid.

Q: What is the annual salary of Samuel Gompers, if he is an American Federation of Labor?

A: He is paid a yearly salary of \$10,000, which is the same as the

of changing their Rolls-Royce twice a year.

To me the stage has always seemed a great gamble. The artist who dines at the Ritz and seizes in grabbing a heavy plate of butter cakes from a quick lunch this season. Improvidence has always been the curse of the profession. Nowadays, fortunately, it is not so prevalent. The chronic down-and-outer is frowned upon by better and wiser players.

To those who seek a career on the stage I should say its fortunes, so far as dollars and cents are concerned, are no more dependable than a wheel of chance. In interest, in favor of achievement, in wealth of color and variety of living it yields a full hundred per cent.

What is true of the stage is true also of the screen, that other looming so large on the horizon of romantically inclined maidens. The screen is even more strenuous in its demands than the stage. It requires great physical endurance, in form, in physique, and with balance, it yields a plentiful harvest. If you must, go on the stage, but keep your eye on the spotlight.

### PLAN TO AID CENSUS.

(Continued from First Page.)

by Supt. Dorsey. The chamber will deliver to Mrs. Dorsey today 100,000 cards for distribution to the school children. These cards are to be taken to parents and guardians, who are to fill them out, showing the number of people living at each address, and the number so far not enumerated. Next day the completed cards are to be returned by pupils to their teachers, and through the teachers and the school department to the Chamber of Commerce.

A MISS COSTS MONEY.

On the reverse of the form card is this statement:

"It costs you money if you are not in the 1920 census.

"If every resident of Los Angeles is not counted in the census, the people of this city will be the ones to suffer.

"Their taxes will be raised.

"Their schools will be reduced.

"Their voting power will be cut down.

"There will be less government money to aid the city.

"These facts make it the vital personal duty of every man, woman and child to make sure that the Chamber of Commerce.

### CENSUS REPORT BLANK.

(Use this blank if you yourself or anybody you know has not been included in the city census, to the best of your belief. Do not send in the blank unless the uncounted person resides INSIDE the city. Q: What were the returns of the recent vote taken in the colleges of the country on the League of Nations?

A. M. I.

A.: The vote was taken in 115 colleges, and universities, less than three-quarters of the whole number, and was participated in by 155,978 persons. The division was as follows: For unqualified reservation, 48,232; for Senator Lodge's

### QUESTIONS ANSWERED

Q: In the shortage of school teachers in the United States very great?

A: The United States Bureau of Education says that because of the impossibility of living decently on the salaries paid, there is an acute shortage of school teachers in the country, and unless the wages of teachers are increased, this situation will become more serious next fall. The bureau estimates that about 25,000 schools, mostly rural, are now closed because of lack of teachers. There are also about 60,000 persons teaching schools in the United States who have not the minimum qualifications. They have to be used because they are the only teachers available.

Q: What has been the increase in the number of shipyards in the United States since before the war?

A: In April, 1917, there were in this country, only sixty-one shipyards, with 234 ways on which vessels of 3500 deadweight tons could be constructed. In November, 1919, there were 223 yards, with 1099 ways, or about four times as many as there were two years before.

Q: Which is heavier, a quart of milk or a quart of cream?

A: The Department of Agriculture says that a quart of milk is the heavier. This is explained by the fact that there is more fat in cream than in milk, and that fat is lighter than liquid.

Q: What is the annual salary of Samuel Gompers, if he is an American Federation of Labor?

A: He is paid a yearly salary of \$10,000, which is the same as the

of changing their Rolls-Royce twice a year.

To me the stage has always seemed a great gamble. The artist who dines at the Ritz and seizes in grabbing a heavy plate of butter cakes from a quick lunch this season. Improvidence has always been the curse of the profession. Nowadays, fortunately, it is not so prevalent. The chronic down-and-outer is frowned upon by better and wiser players.

To those who seek a career on the stage I should say its fortunes, so far as dollars and cents are concerned, are no more dependable than a wheel of chance. In interest, in favor of achievement, in wealth of color and variety of living it yields a full hundred per cent.

What is true of the stage is true also of the screen, that other looming so large on the horizon of romantically inclined maidens. The screen is even more strenuous in its demands than the stage. It requires great physical endurance, in form, in physique, and with balance, it yields a plentiful harvest. If you must, go on the stage, but keep your eye on the spotlight.

## CITY'S IN THE OIL BUSINESS.

Port Board Gives Permit to Drill on Submerged Land off the Breakwater.

The Harbor Commission yesterday granted a permit to B. F. Parker and A. C. Overton to drill on city-owned submerged land off the San Pedro breakwater and Point Fermin for oil and gas. They are to pay the city a royalty of one-eighth of the oil produced and 2½ cents per 1000 cubic feet for natural gas piped.

The commission also granted to the Los Angeles-Pacific Navigation Company a berthing place for its steamers at shed No. 1, pier A, Wilmington.

**Personal.**  
Miss Frances Nash, who has been a guest of Mrs. Charles Meyer, left yesterday for Omaha. She was much feted while here. Mrs. Meyer gave a handsome luncheon for her.

## JURY TO PASS ON STATE ACTS.

Arguments in Chiropractor Case to be Made Today.

Dr. Hubley Maintains Doesn't Have to Have License.

Claims Medical Examiners Take Arbitrary Stand.

After calling only four witnesses the defense attorneys yesterday closed the case of Dr. E. Berdard Hubley, chiropractor, being tried in Police Judge Richardson's court on charges of practicing medicine without a license. Both sides will argue today and the case will go to the jury.

Witnesses questioned yesterday said Dr. Hubley is not practicing medicine and therefore needs no state license. Besides the defendant Dr. R. A. Rathbun, Dr. E. C. Fortin and Dr. Max Parsons were called to the stand by the defense. The three stated that Dr. Hubley is a chiropractor and does not practice medicine.

Police Judge Richardson held that evidence which the defense attempted to bring out to the effect that the State Board of Medical Examiners does not recognize chiropractors and will not grant them licenses was immaterial to this case.

In addressing the jury today attorneys for the defense will attempt to show that chiropractors are ruled against by the State board and are refused licenses without any chance to take examinations. The defense will also attempt to show that Dr. Hubley does not need to be licensed as he does not practice medicine.

## A DRESS SEASON

All indications point to a dress season for spring.

## BEAUTY SPECIALIST TELLS SECRETS

A Beauty Specialist  
Made Recipe to Darken  
Gray Hair

Mrs. M. D. Gillespie, a  
beauty specialist of Kansas  
cently gave out the follow-  
ing recipe for darkening  
gray hair.  
"Anyone can prepare a  
treatment at home that will  
darken hair and make it soft  
and shiny. To a half-pint of water  
add a half-teaspoon of  
Compound and 1/4 ounce of  
oil."

These ingredients can  
be found at any drug store at  
the cost. Apply to the hair  
once a week until the desired  
result is reached. This will make  
the hair look twenty years  
younger. It does not color the  
scalp or greasy and does not  
fall out."

# Ball Players Must Speak in Modest Tones to Umpire; Even "Oh, Fudge!" May be Told

## PUT SOFT PEDAL ON CUSS WORDS.

American Association Hit with Quail of Prudery.

Profanity to be Abolished Like the Spit Ball.

Coast League Manager Says "It's a Helluvah Move."

BY HARRY A. WILLIAMS.

The American Association has turned up a new trick. First to banish the spit ball from play, it now proposes to place an embargo on profanity and other forms of cursing. This probably will be followed by a working agreement with the W.C.T.U. and W.P.M.S.

Although the new rules for cursing in that circuit are not out, it is understood that any athlete saying anything stronger than "Oh, fudge!" to an umpire will be shot at sunrise. "Oh, fudge!" will get by all right if spoken in a quiet, even tone, but must not be yelled in a loud voice.

Many believe that cursing should not be done outside the privacy of the family circle, and it is in consideration for these that the association plans to take action.

ATLANTIC REGION. Baseball athletes naturally will object. They claim that under the constitution they are guaranteed the free and unlimited use of cuss words. Swearing serves as a safety valve for them. In times of great passion, their only outlet is to blow off at the face, and the stronger the language the greater the relief.

Baseball players who root in the grandstand, or bleachers, would be surprised to learn that the lesson of the diamond is learned almost entirely of cuss words. The players during a game converse almost exclusively in cuss words, not only with the umpire, but among themselves.

FEAST OF REASON. Experts can construct entire sentences from profanity. And these sentences contain nouns, verbs, adjectives and everything. Only those who have sat on the bench during the game, or occupied the press box, have any idea of what a feast of reason and flow of words it is to be heard through profanity.

All these sounds of battle can be heard in the grandstand, up on the ridge pole of the grandstand. Cuss words, being light and airy, have a habit of carrying over the stadium, if ever, after into the stands, and for all that the paid patrons know athletes may be calling the umpire an old dear.

Most of this cursing is not done in the name of being profane, but is simply the language of the diamond, impersonal and broad, and almost inspiring.

SCRIPPS HAD BOILED. Nobody hears it except the scribes, and as far as known, their morals have not been impaired by it. They heard it, if ever, in the press box, where the player in this league will be permitted to cuss according to the distance of his own conscience.

Still, having followed the association in legislating against the sport, it was thought possible that the Coast League might also emulate the association in putting the lid on rough language.

A coast manager was told of the plans of the association.

HELLUVAH IDEA. "That's a helluvah funny idea," he replied.

Finally the old line of chatter will continue on the coast.

Babe Ruth, on departing for Boston, stated that he hadn't yet signed with New York, and was being union-bombed by the press.

This is completely contrary to the statement of Miller Huggins, when in Los Angeles. At that time, Huggins said a binding agreement had been reached—an agreement that was satisfactory to Ruth.

BASEBALL HOLYHELY. Either Huggins made a mistake—or his reputation for veracity is pretty well established—or Babe is becoming a baseball Boh.

It will be recalled that a year ago, Boston told Ruth to write his own ticket. Babe wrote in the year, \$10,000. He was to draw this annually for three years. Boston lived up to this contract, which appears to have been made in good faith on both sides. Ruth became dissatisfied and wanted his salary doubled. Frase could not see his way clear to do this. But he did tell him to a club which was willing to meet his terms. Huggins says that Cal.

## AMERICAN BOXER WINS IN FRANCE.

(BY CARL AND ASSOCIATED PRESS.)

PARIS, Feb. 4.—Johnny Griffith, American welterweight, tonight scored a technical knockout over Marcel Thomas, a French fighter. The bout, a fifteen-round bout, when Decamp, manager of Thomas, and also manager of Georges Carpentier, the heavyweight champion, threw up the sponge to save his man from a knockout.

These terms satisfied Ruth, as they indeed seemed to at the time.

But now he wants a slice of the purchase money. Twenty thousand dollars is a big salary, even in these days of fancy pay. The public will be glad when Babe gets back to batting out home runs. It is beginning to tire of his talk.

## RUGBY UNION IS TO CHOOSE TWO TEAMS.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Feb. 4.—Two teams are to be chosen by the California Rugby Union to meet at the University of California February 21 to decide which fifteen shall be sent to Antwerp this summer as an all-American team at the Olympic games.

This decision was reached at a meeting of the union here tonight, when a committee was appointed to select the players.

The union elected officers as follows: President, H. W. Maloney, athletic trainer at Stanford; vice-president, Dr. S. Angell of Stanford; secretary, Charles Tilton of the University of California; treasurer, John Gilman of San Francisco.

## BASKETBALLERS ARE TO MEET ON SATURDAY.

(BY A. P. NIGHT WIRE.)

STANFORD UNIVERSITY, Feb. 4.—Stanford and University of California will meet here Saturday in the first of a three-game Pacific coast conference basketball series.

Results of the games between each of the two teams and the University of Washington five indicate they are of nearly equal caliber.

## SMITH IS CHAMPION IN QUOT PITCHING.

(BY A. P. NIGHT WIRE.)

H. L. Smith, a member of the Pasadena Tourist Club, winner of the quots pitching championship of Pasadena, is now seeking the Southern California honor. In a five-game series, yesterday at the Tourist club he tossed the quots ringers. Mr. Smith has only been pitching quots for a year, having come to Pasadena from De Kalb, Ill.

## BEECHER LOSES ON FOUL IN THE TENTH.

(BY A. P. NIGHT WIRE.)

DETROIT (Mich.), Feb. 4.—Willie Beecher, of New York, unintentionally fouled Johnny Mendelsohn of Milwaukee in the final round of their ten-round bout tonight and was disqualified. Mendelsohn had the better of the fighting up to that time.

## McCANDLESS VICTOR IN BILLIARD PLAY.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 4.—David McCandless, Jr. of Chicago, national amateur 14.3 ball line billiard champion, tonight defeated Francis S. Appleby of Columbia University, in the final match of the eastern Class A. 14.3 tournament here, 500 points to 125.

## PORTSIDER VAUGHN SIGNS A CONTRACT.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 4.—James Vaughn, southern pitcher of the Chicago Nationals today signed a contract for 1920. "Dode" Parker, outfielder, also signed today to leave Chicago Thursday for Hot Springs, where he will be joined by Grover Alexander and George Tyler, pitchers, and Catcher Killifer. The quartette will join the other Cubs at Kansas City February 22, when the club will be en route to Pasadena.

## ON TO ALTADENA TODAY.

(BY A. P. NIGHT WIRE.)

All roads lead to Altadena today. On the freshly-burnished links of the country club named after the suburb in which it has its being the third invitational golf tournament of the year will swing into action.

Over 150 devotees of the cleveland and brains are expected to make their entrance at the today. The Altadena Greens Committee has a mark to shoot at. The first tournament of the year—that at San Gabriel—drew 125 starters. The second—at the Los Angeles Country Club—battered the San Gabriel record by forty.

The A.C.C. will be played on Sunday. The golf is going so strong these days that anything is likely to happen in the way of large entry lists.

## ROSS PUTS IT ON ANZAC SWIMMER.

(BY CARL AND ASSOCIATED PRESS.)

MELBOURNE (Australia), Feb. 4.—Norman Ross won the 440-yard Victorian swimming championship, defeating F. R. Beaupre by ten yards today.

## WILD SCRAMBLE AFTER PLAYERS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 4.—While every one is preparing for a lot of baseball politics next week, when a series of big meetings is held here, there promises to be enough trading of talent to make the manager and his squabbles move over and share the spotlight with the players.

Every major league manager will be present, with the avowed intention of dickering for men, and if all go through with the plan, there will be two or three deals popping up each day.

According to word from Boston, the Red Sox are now trying to engineer a deal with the Yankees. It is believed that the Yanks and Senators are the other two clubs who will be in the market for Bobby Roth from Washington to New York.

## MINORS WILL HAVE A SURPLUS OF MEN ON MARKET.

(EXCLUSIVE DISPATCH.)

CHICAGO, Feb. 4.—While every one is preparing for a lot of baseball politics next week, when a series of big meetings is held here, there promises to be enough trading of talent to make the manager and his squabbles move over and share the spotlight with the players.

Every major league manager will be present, with the avowed intention of dickering for men, and if all go through with the plan, there will be two or three deals popping up each day.

## RALPH'S MARK IS STILL SAFE.

(EXCLUSIVE DISPATCH.)

DAYTONA (Fla.), Feb. 4.—Bill Picken, managerial chaperon for Tommy Milton and the Duesenberg racing interests, announced tonight the abandonment of Milton's attack on Ralph de Palma's world speed records until after the opening of the Los Angeles Speedway, February 21.

## ENGLAND SIDES WITH AMERICA.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 4.—Receipt of a cable message from Lord Londale, president of the British board of boxing control, in which he declared the English board favors American voting power in the international boxing union, was announced tonight by Mal. Anthony J. Drexel Biddle, chairman of the army, navy and civilian board of boxing control.

The American board recently cabled its refusal to send representatives to the meeting of the international union in Paris February 5, because each country represented was to have equal voting power, regardless of its boxing prominence.

The French board of boxing control has suggested, Lord Londale's message stated, that France, England and the United States be given ten votes each, with one or two each for remaining members of the union, according to their relative importance.

Count William Jarvis, a professional promoter, yesterday accepted the proposition made to him by the local Olympic games committee to stage a show for the purpose of raising funds with which to send Southern California athletes to Antwerp.

An official meeting of the A.A.U. will be held at the L.A.A.C. on Monday night, when a contract will be entered into between Jarvis and the athletic body.

It is possible that Jarvis will be engaged to put on a couple of his hippodrome spectacles; this, in case the A.A.U. committee believes necessary to raise as their donation to the American Olympic games pot.

SANFEL VICTOR. (BY A. P. NIGHT WIRE.) BOILER (Idaho), Feb. 4.—A. A. Santel, light heavyweight wrestling champion, last night won two straight falls from Charley Peters, Nebraska's "wrestling Sheriff."

## "LOVE" TO BE A MOOT QUESTION.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 4.—Jack Johnson may be permitted to return to the United States.

Dis. Atty. Charles F. Cline announced today, after receiving the letter mailed by the former world champion in Mexico City last week, that he would enter into negotiations with Johnson.

Johnson faces a sentence of one year and a day in Leavenworth prison for violating the Mann Act. He jumped bonds at \$15,000, following his conviction in 1913.

added advantage to the server, who now has advantage enough. In fact, for some years there has been a lack of a doubt about the server's advantage.

THE OTHER SIDE. Now listen to Chairman Merrihew's side of the argument: "The objection to the new foot fault rule is that in its proposed form it might permit a man to serve on the run. Players of the experience of Beals Wright and Dick Williams think this is a doubtful advantage, even in the remote contingency that a man might make use of it. To meet every possible objection, however, a revision of its proposal has been made by the committee, which will absolutely prevent such a running start."

"As to the new method of scoring and handicapping the coin, the new recognizes first of all, that these are debatable. So far as its recommendation of the coin, however, it takes the position that it was told to do certain things, and has carried out its instructions to the best of its ability. In its judgment, the suggested systems of scoring and handicapping are simple, sensible and sound."

NEW YORK, Feb. 4.—The Rules Committee of the U. S. Lawn Tennis Association announced tonight that it would propose a year's trial for the change in rules which will be considered by the Executive Committee of the association.

THE TENTATIVE CHANGES. The tentative changes are tried out by a system of alternative scoring.

DELIBERATED LONG. Such men as Beals C. Wright and Richard N. Williams, II, former champions who are thoroughly familiar with conditions, Samuel Hardy and Watson Washburn, deliberated for three months before their report on the proposed rules change was submitted.

This is the first time that President Ade wrote to the Rules Committee, according to a published copy of his letter.

"I feel very strongly that these changes in the rules should not be adopted. The game has always been played under the present system of scoring, which is known and understood the world over. It is suggested that there be a distinction between the point score of each game and the point score of the match. The growth of the points and of games is exactly the same with the consequence of a positive to such change is necessary."

"To my mind it is a mistake to change the traditions of any game until there is absolutely vital necessity for the change. The growth of tennis and the position the game has taken among the sports of the world are positive to such change is necessary."

THE PROPOSED CHANGE. The proposed change in the foot fault rule, local booker, believe Valentine will clinch a job on the A.C.C. staff. Against the Loretto club last Sunday Valentine allowed the racket ball to be hit only four times, winning his game 3 to 0.

## REDLANDS GOING GREAT.

(SPECIAL CORRESPONDENCE.)

REDLANDS, Feb. 4.—The Redlands Y.M.C.A. players were victorious over Riverside in the second tournament between the two teams. In the first match each won three games, but in this one Redlands took five out of six matches. Gay and Lyle bested Dole and Johnson by a score of 4-1; 7-1; 10-8.

Holmes and Cummings bested Lamsan and Kirchhoffer, 6-2; 6-2. Holmes bested Kirchhoffer, 6-2; 6-2. The match between Cummings and Dole was called on account of darkness, each man having one set.

REDLANDS, Feb. 4.—The Redlands High basketball team climbed another notch in the Citrus Belt.

## ON TO ALTADENA TODAY.

(BY A. P. NIGHT WIRE.)

All roads lead to Altadena today. On the freshly-burnished links of the country club named after the suburb in which it has its being the third invitational golf tournament of the year will swing into action.

Over 150 devotees of the cleveland and brains are expected to make their entrance at the today. The Altadena Greens Committee has a mark to shoot at. The first tournament of the year—that at San Gabriel—drew 125 starters. The second—at the Los Angeles Country Club—battered the San Gabriel record by forty.

The A.C.C. will be played on Sunday. The golf is going so strong these days that anything is likely to happen in the way of large entry lists.

## ROSS PUTS IT ON ANZAC SWIMMER.

(BY CARL AND ASSOCIATED PRESS.)

MELBOURNE (Australia), Feb. 4.—Norman Ross won the 440-yard Victorian swimming championship, defeating F. R. Beaupre by ten yards today.

SECRET PRACTICE. Chaps who formerly shrank with horror from engaging in the gentle pastime of golf have been detected in the act of practicing on the links of the A.C.C. today.

The A.C.C. has extended the event beyond the three days scheduled on Ed Tilt's form chart. The finals in all flights will be played on Sunday. This will prevent closing of the course by trying to run off two rounds tomorrow.

Prizes will be awarded for best bet and best gross in the qualified round and winners in all flights, as well as a trophy for the best ball foursome special event on Sunday.

## WILD SCRAMBLE AFTER PLAYERS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 4.—While every one is preparing for a lot of baseball politics next week, when a series of big meetings is held here, there promises to be enough trading of talent to make the manager and his squabbles move over and share the spotlight with the players.

Every major league manager will be present, with the avowed intention of dickering for men, and if all go through with the plan, there will be two or three deals popping up each day.

## RALPH'S MARK IS STILL SAFE.

(EXCLUSIVE DISPATCH.)

DAYTONA (Fla.), Feb. 4.—Bill Picken, managerial chaperon for Tommy Milton and the Duesenberg racing interests, announced tonight the abandonment of Milton's attack on Ralph de Palma's world speed records until after the opening of the Los Angeles Speedway, February 21.

## ENGLAND SIDES WITH AMERICA.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 4.—Receipt of a cable message from Lord Londale, president of the British board of boxing control, in which he declared the English board favors American voting power in the international boxing union, was announced tonight by Mal. Anthony J. Drexel Biddle, chairman of the army, navy and civilian board of boxing control.

The American board recently cabled its refusal to send representatives to the meeting of the international union in Paris February 5, because each country represented was to have equal voting power, regardless of its boxing prominence.

The French board of boxing control has suggested, Lord Londale's message stated, that France, England and the United States be given ten votes each, with one or two each for remaining members of the union, according to their relative importance.

Count William Jarvis, a professional promoter, yesterday accepted the proposition made to him by the local Olympic games committee to stage a show for the purpose of raising funds with which to send Southern California athletes to Antwerp.

An official meeting of the A.A.U. will be held at the L.A.A.C. on Monday night, when a contract will be entered into between Jarvis and the athletic body.

It is possible that Jarvis will be engaged to put on a couple of his hippodrome spectacles; this, in case the A.A.U. committee believes necessary to raise as their donation to the American Olympic games pot.

SANFEL VICTOR. (BY A. P. NIGHT WIRE.) BOILER (Idaho), Feb. 4.—A. A. Santel, light heavyweight wrestling champion, last night won two straight falls from Charley Peters, Nebraska's "wrestling Sheriff."

## MAY PERMIT JACK TO RETURN TO U. S.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 4.—Jack Johnson may be permitted to return to the United States.

Dis. Atty. Charles F. Cline announced today, after receiving the letter mailed by the former world champion in Mexico City last week, that he would enter into negotiations with Johnson.

Johnson faces a sentence of one year and a day in Leavenworth prison for violating the Mann Act. He jumped bonds at \$15,000, following his conviction in 1913.

added advantage to the server, who now has advantage enough. In fact, for some years there has been a lack of a doubt about the server's advantage.

THE OTHER SIDE. Now listen to Chairman Merrihew's side of the argument: "The objection to the new foot fault rule is that in its proposed form it might permit a man to serve on the run. Players of the experience of Beals Wright and Dick Williams think this is a doubtful advantage, even in the remote contingency that a man might make use of it. To meet every possible objection, however, a revision of its proposal has been made by the committee, which will absolutely prevent such a running start."

—so you see, we chose what we thought to be a somewhat safe middle channel in other words, we pass the buck and let each and every one feel that the thing finally turned out just the way each and every one would have it turn out.

"I Love You" Next.

Ethel Clayton, who returned yesterday from Colorado, where she and her family have been vacationing, is to start work next Monday on her next Paramount-Artcraft picture, "The Lady of the Lake," which is being directed by William C. Sullivan.

After searching through practically every kennel in the city, Miss Clayton has finally found a blooded Pekinese puppy to take the place of the one which was killed by a car.

Two attractions of promise which have been booked for showing at the Victory in the near future are "The Greer-Walker Picture," based on a Bret Harte story, and "Eve in Exile," with Charlotte Walker. This latter was produced by Cosmo Hamilton.

Accompanied by Anna Q. Nilsson, Rhea Mitchell is spending a week's vacation in the mountains. She said before her departure that she intended to live in her hiking costume, part of which is a strong, husky pair of boots she had acquired during the last day of her vacation.

The fifteenth episode of Tony Moreno's Vitaphone serial, "The Invisible Hand," which is showing at the Victory, is being filmed at Los Angeles Harbor. Director Bowman has again assumed charge of the direction of the serial.

James J. Corbett is shortly to appear in his first feature picture, "The Prince of Avenue A," by Charles T. Dacey, at the Victory Theater. Several other specials are announced for early showing are "Marked Men," from Peter B. Kyne's "The Three Godfathers," with Harry Carey in the leading role; "House and Riches," with Mary MacLaren.

A photograph taken entirely in Scotland is the way "Romany (Where Love Runs Wild)," is billed. It is the feature play at the Victory and is being filmed at a very magnetic love tale, effectively produced. The vaudeville show has been during the last few days, and the fourteenth episode, "The Greer-Walker Picture," based on a Bret Harte story, and "Eve in Exile," with Charlotte Walker. This latter was produced by Cosmo Hamilton.

A photograph taken entirely in Scotland is the way "Romany (Where Love Runs Wild)," is billed. It is the feature play at the Victory and is being filmed at a very magnetic love tale, effectively produced. The vaudeville show has been during the last few days, and the fourteenth episode, "The Greer-Walker Picture," based on a Bret Harte story, and "Eve in Exile," with Charlotte Walker. This latter was produced by Cosmo Hamilton.

After searching through practically every kennel in the city, Miss Clayton has finally found a blooded Pekinese puppy to take the place of the one which was killed by a car.

Two attractions of promise which have been booked for showing at the Victory in the near future are "The Greer-Walker Picture," based on a Bret Harte story, and "Eve in Exile," with Charlotte Walker. This latter was produced by Cosmo Hamilton.

Accompanied by Anna Q. Nilsson, Rhea Mitchell is spending a week's vacation in the mountains. She said before her departure that she intended to live in her hiking costume, part of which is a strong, husky pair of boots she had acquired during the last day of her vacation.

The fifteenth episode of Tony Moreno's Vitaphone serial, "The Invisible Hand," which is showing at the Victory, is being filmed at Los Angeles Harbor. Director Bowman has again assumed charge of the direction of the serial.

James J. Corbett is shortly to appear in his first feature picture, "The Prince of Avenue A," by Charles T. Dacey, at the Victory Theater. Several other specials are announced for early showing are "Marked Men," from Peter B. Kyne's "The Three God
